

Just Dream

Thomas Anders

All what you need to do
Just dream

The eyes of our children
Can show us the wonders
Of things we have almost
Forgotten to see
Afraid of emotions
Building the fences
Ration of thinking
Of what could not be
Don't waste your time
Open your eyes
You hold the key

Reach for the star
And open your heart
Don't be afraid
You can't go too far
The hero in you
Your wish can be true
And don't have a doubt
About what you see
Cause all what you need to do
Just dream

Longing for lovin'
Reaching for fortune
There's no need for coverage
Believe in your heart
It can't be so easy
To follow your feelings
So don't hesitate
Begin from the start
Don't waste your time
Open your eyes
You hold the key
