## **Mr Moon**

## **Thomas Anders**

Caught in a circle Around and around A fatal attraction Is calling us out I'm on a mountain--you're on the sea Whenever I wake up you'll be asleep I say black--you say white We're just like hello and goodbye And it breaks my heart We are worlds apart You're like the sun There ain't no me and you I'm Mr Moon I'm Mr Moon Throw me a lifeline I'm going insane Whenever I reach out You're slipping away I'm on a mountain--you're on the sea Whenever I wake up you'll be asleep I say black--you say white We're just like hello and goodbye And it breaks my heart We are worlds apart You're like the sun There ain't no me and you I'm Mr Moon I'm Mr Moon It's a bitter sweet affection Seems our love has been in vain Like an endless chain reaction Seems we love this losing game Miles away, miles away You're miles away Night and day I'm Mr Moon I'm missing you I'm Mr Moon

I'm missing you
