

Notthings Gonna Stop Me Now

Thomas Anders

Nothing's gonna stop me now

Rap:

Yo! Back in the fact with full respect

For one and only original!

Giving you what you've been waiting for, in the place
to be

My man, Big-T, giving you a place to choice,

Thomaaaaaaaas Andeeeeeeers!!!!!!!!!!!!!!

Nothing's gonna stop me now

The wind's beneath my wings

I'm back again

Nothing's gonna stop me now

There's a dream here for you and me

If you know what's I'm talking about

Let me hear you give me thunder

Make it loud

Give me all that you got

There's no reason to surrender

We are like one dream

We're gonna make it happen here

If you think real enough

Then you can come along

Nothing's gonna stop me now

The wind's beneath my wings

I'm back again

Nothing's gonna stop me now

There's a dream here for you and me

Nothing's gonna stop me now

We're going up tonight

You wanna know why nothing's gonna stop me now

This is it - this is us - this is right

Take a bow if you're ready or not

It's a life-time to remember

Don't ya know that there's room at the top

I'm not talking about pretenders

We are like one dream

We're gonna make it happen here

If you think real enough

Then you can come along

Nothing's gonna stop me now

The wind's beneath my wings

I'm back again

Nothing's gonna stop me now

There's a dream here for you and me

Nothing's gonna stop me now

We're going up tonight

You wanna know why nothing's gonna stop me now

This is it - this is us - this is right

Nothing's gonna stop me now

The wind's beneath my wings

I'm back again
Nothing's gonna stop me now
There's a dream here for you and me
Nothing's gonna stop me now
We're going up tonight
You wanna know why nothing's gonna stop me now
This is it - this is us - this is right
