

# The Best of Me

Thomas Anders

I came across a photograph  
that made me think of us  
it pulled me back to yesterday  
when love was still enough  
we started out with so much hope  
I thought we'd never end  
you were my world completely  
baby it was so intense

Don't get me wrong  
I'm not trying to get you back  
don't get me wrong  
I just called to tell you  
I'm moving on  
taking what's left of me  
don't know what is next for me  
but I'm moving on  
cause you didn't see  
you had the best of me  
the best of me

Cry myself awake at night  
reach across this bed  
we've been down this road before  
we both know where it led  
I can't say what the future holds  
or what I'm gonna do  
just know I gotta build the life  
I've planned to live with you

But don't get me wrong  
I'm not trying to get you back  
don't get me wrong  
I just called to tell you  
I'm moving on  
taking what's left of me  
don't know what is next for me  
but I'm moving on  
cause you didn't see  
you had the best of me  
the best of me

I don't wanna know  
who you're with right now  
I just wanna live my life somehow  
everything we had wanted it so bad  
now there's just an empty space instead  
all the little things that we used to share  
not ashamed to tell you I still care  
I still care

I'm moving on  
taking what's left of me  
don't know what is next for me  
I'm moving on  
cause you didn't see  
you had the best of me

the best of me
