

# Colourblind

Thomas Gold

In reverse I change the tides  
Waiting for the sun to rise  
I ran a race across the line  
Trapped the doubt and lost my mind

Fade to grey, colourblind  
Watch the world fall behind  
I was stuck on the other side  
Now I'm lost in paradise

Fade to grey, colourblind  
Watch the world fall behind  
I was stuck on the other side  
Now I'm lost in paradise

Now I'm lost in para-

Take a chance, forget the old  
Tried to fit to a different mold  
Was it fate or did we collide  
From parallel in another life

Fade to grey, colourblind  
Watch the world fall behind  
I was stuck on the other side  
Now I'm lost in paradise

Fade to grey, colourblind  
Watch the world fall behind  
I was stuck on the other side  
Now I'm lost in paradise

Now I'm lost in para-

Fade to grey, colourblind  
Watch the world fall behind  
I was stuck on the other side  
Now I'm lost in paradise
