

# Get Up

Thomas Gold

When the day is grey  
And the news is bad  
Can you walk away  
Can you leave it all  
Just like that

Don't you know that  
We'll do whatever we have to  
Here together won't give in  
We'll do whatever we have to do

Get up, get up, get up, get up  
It's time  
Get up, get up, get up, get up  
It's time  
You know we can  
You know we'll come alive  
Get up, get up, get up, get up, get up

We know life is hard  
And it knocks you down  
Still you've got this far  
Still you've got to stand your ground

Don't you know that  
We'll do whatever we have to  
Here together won't give in  
We'll do whatever we have to do

Get up, get up, get up, get up  
It's time  
Get up, get up, get up, get up  
It's time  
You know we can  
You know we'll come alive  
Get up, get up, get up, get up, get up

Get up, get up, get up, get up  
It's time  
Get up, get up, get up, get up  
It's time
