

Live A Little Louder

Thomas Gold

Listen to your heart
It will tell you where you need to go
We're right at the start
Let's do this, I am here for you

We could be so brave
They can try but never bring us down
We'll always find a way
Our story has just begun

Come with me
Let us live a little louder
You and me
Let us live a little louder
Live a little louder

There's no need to be afraid
We have had it in us all along
If the spirit starts to fade
Take my hand, together, we'll be strong

We could be so brave
They can try but never bring us down
We'll always find a way
Our story has just begun

Come with me
Let us live a little louder
You and me
Let us live a little louder
Live a little louder

Come with me
Let us live a little louder
You and me
Let us live a little louder
Live a little louder
