

Never Alone

Thomas Gold

Maybe we are never alone
We're never on our own
I'll be your firestone

Maybe we are never alone
From now and [?]
I'll be your firestone

We could take it higher
Could even find a flame
Never on our own
I'll be your firestone

Maybe we are never alone
From now and [?]
I'll be your firestone

We could take it higher
Could even find a flame
Never on our own
I'll be your firestone
