

Someone Better

Thomas Gold

I'm gonna love you till I lose you to someone
I lose you to someone better
I'm gonna try till you tell me that I've lost you to someone
I've lost you to someone better

What's the fun in being young
If we're not living?
I'll keep on feeling like the wind
That's if I'm losing

I count my blessings, failing
To see them when it's raining
You light me up like
The sun is always shining
That I should be so lucky
I get to call you honey
Even though I know
It's only for that moment

I'm gonna love you till I lose you to someone
I lose you to someone better
I'm gonna try till you tell me that I've lost you to someone
I've lost you to someone better

What's the fun in being young
If we're not living?
I'll keep on feeling like the wind
That's if I'm losing

I count my blessings, failing
To see them when it's raining
You light me up like
The sun is always shining
That I should be so lucky
I get to call you honey
Even though I know
It's only for that moment

I'm gonna love you till I lose you to someone
I lose you to someone better
I'm gonna try till you tell me that I've lost you to someone
I've lost you to someone better
