

# Wasted

Thomas Gold

I only like you when I'm

Leave me alone, don't call my phone  
I'm going out tonight, don't need ya now now  
I've been a mess, don't want no stress  
I'm getting so high, don't bring me down down

I'm getting tipsy, with my babies  
Don't you stop me from, going crazy  
You know I'll text you, don't you hate me  
Maybe I'll call you cause...

I only like you when I'm wasted

I only like you when I'm wasted  
I only like you when I'm drunk and out of mind  
I want you when I'm wasted  
I'm only playing with your heart  
So don't waste your time  
I want you when I'm -

Boy you're too much, falling in love  
You're trying too hard, don't want this right now now  
Up in my business, don't think I need this  
Stop aiming so high, you're bringing me down down
