

## Focus

Thomas Headon

Sugarcoat blonde, would you listen to my music?  
Tell me if you really like it, maybe you would like to use it  
For a party that you hold with all your boyfriends that you have  
If I tried to text you, would you ever text me back?  
Casino luck in getting some  
More than enough you're choosing from  
I know I'd never have the chance  
Missing piercing on my tongue  
Lipstick, lip stains are almost tattooed on your body  
I think I could compare, but you hardly even know me

Don't wanna make it seem like I want you  
But I like the attention if you know what I mean  
I think you know what I mean (Yeah)  
Don't wanna make you think you should know me  
But I like the attention if you know what I mean  
Oh, would you please (Yeah)

Focus on me if you see me (See me)  
Do you see me? (See me)  
I just wish you would look at me  
Focus on me if you see me (See me)  
Do you see me? (See me)  
I just wish you would look at me

(Yeah, yeah)  
Acting like you're too cool for sunglasses and coats  
Wearing corduroy as socks and using iPhone 20 Pro  
Heard you hardly shed a tear back when you broke up with your man  
I think he misses you, I think he misses holding hands  
There's a status being near you  
I couldn't care but I know I do  
There's just a something about you  
And I wanna see more of you (Yeah)

Focus on me if you see me (See me)  
Do you see me? (See me)  
I just wish you would look at me  
Focus on me if you see me (See me)  
Do you see me? (See me)  
I just wish you would look at me

See me, see me  
See me, see me  
See me, see me
