

I'm Finally Alone

Thomas Headon

It's nice to talk to yourself
When all you do is talk to everyone else
Nice to be alone for once, it helps
So I'll see you in the morning (I'll see you in the morning)
So I'll meet you in the morning (I'll meet you in the morning)

I like space when I control
When the spaces come and go
I won't sleep if I'm next to someone like you
My friends keep calling my phone
Asking me to leave my home, again
But I wanna be alone again

It's nice to talk to yourself
When all you do is talk to everyone else
Nice to be alone for once, it helps
So I'll see you in the morning (I'll see you in the morning)
So I'll meet you in the morning (I'll meet you in the morning)

I'm kinda scared processing myself
'Cause I don't know what else I might find out
And maybe I'd be able to talk to myself
If I knew you wouldn't always be there
It's true, I need time alone
Would you leave me on my own?
Just so I can think again
Just so I can breathe again

I'm saying what I want from now on
I'm saying what I need from you
I'm wish you'd see my point of view

It's nice to talk to yourself
When all you do is talk to everyone else
Nice to be alone for once, it helps
So I'll see you in the morning (I'll see you in the morning)
So I'll meet you in the morning (I'll meet you in the morning)
