

wet tongue

Thomas Headon

Drunk and tastin' everything
Lock my eyes and pull me in
She's just down to drinkin', walks sorta quick
Now we're getting into it, yeah, she's got a wet tongue and we've just began

Hey, hey
Hey, hey
Mm, she's got a wet tongue and we've just begun

She's grabbin' on my waistband
This isn't what I planned
A full throttle right hand
I said just once but I want her again
Hasn't asked me what my name is
But said that I look famous
She treats me like Vegas
Yeah, she's got a wet tongue and we've just began (Hey, hey)

Okay, okay, I'll do it her way
Okay, okay, I'll do it her way
Okay, okay, I'll do it her way
She's got a wet tongue and we've just began

Got my eyes closed, tortured
She pulls my shirt off
Says, "Let's have a little fun" (Come here)
Yeah, she's got a wet tongue and we've just began (Hey, hey)

Out of sight and out of mind
But she's all I want and all I like
And I won't say no 'cause she feels so tight
Ooh, she's got a wet tongue and we've just began (Hey, hey)

Okay, okay, I'll do it her way
Okay, okay, I'll do it her way
Okay, okay, I'll do it her way
She's got a wet tongue and we've just began
Okay, okay, I'll do it her way
Okay, okay, I'll do it her way
Okay, okay, I'll do it her way
She's got a wet tongue and we've just began
