

# Sand

Thomas Rhett

Oh yeah

Baby I've been thinkin', we got two weeks worth of vacation  
And I'm cravin', some vitamin D, a kite on a string  
Let's get off the grid where our phone don't ring  
I'm talkin' orange, Merlot, Clabot  
On a blanket baby with you, see you there  
Corona, Malibu, I just wanna kick it with you

Somewhere in the sand, cold one in our hand  
Listenin' to a little beach bar band singin'  
"Don't worry be happy"  
How could I not? Baby when you're lookin' at me  
With those eyes, creepin' in like that tide  
Gettin' me rooftop 30A high  
No plans, just tan, sun kissed, lovin' it  
Covered in sand, yeah

In the sheets, on your feet, in the shower  
In the wind, on your skin, on a towel  
On the bottom of a bottle, in your long hair  
Let's get to gettin' girl

Somewhere in the sand, cold one in our hand  
Listenin' to a little beach bar band singin'  
"Don't worry be happy"  
How could I not? Baby when you're lookin' at me  
With those eyes, creepin' in like that tide  
Gettin' me rooftop 30A high  
No plans, just tan, sun kissed, lovin' it  
Covered in sand, yeah

Saint John, Saint George, Saint Pete  
Lake Michigan or kickin' in the Quays  
We could spend a month or we could spend a week  
I just wanna be

Somewhere in the sand, cold one in our hand  
Listenin' to a little beach bar band singin'  
"Don't worry be happy"  
How could I not? Baby when you're lookin' at me  
With those eyes, creepin' in like that tide  
Gettin' me rooftop 30A high  
No plans, just tan, sun kissed, lovin' it  
Covered in sand, yeah  
No plans, just tan, sun kissed, lovin' it  
Covered in sand, yeah
