Thomas Rhett

We got that top down on a old jeep
Rolling through the country
Yeah, just two heart and a back beat
Spending all our money

On a bag of ice and a case of Light
It's about a thousand Fahrenheit
Don't need to check the weather
Long as we're together

It's gonna be a VHS
Soon as I saw them palm trees
On your t-shirt dress
Yeah, I felt my whole body
Break into a sweat
I'm like, "S.O.S."

Hands on fire when I hold you
I can guarantee it's gonna be
A very hot summer
Me and you
Living all over each other
Like we do
Holding underneath the covers
Oh woah
It's gonna be another very hot summer with you

Hot summer with you now, oh

Got a swan-float from the Ron Jon
Let's go find some water
'Cause it's popping off like Pérignon
It keeps getting hotter

'Cause you bring heat like South Beach
Somebody crank up that AC
You've got these windows steaming, girl
I've got a feeling

It's gon' be a VHS
Soon as I saw them palm trees
On your t-shirt dress
Yeah, I felt my whole body
Break into a sweat
I'm like, "S.O.S."

Hands on fire when I hold you
I can guarantee it's gonna be
A very hot summer
Me and you
Living all over each other
Like we do
Holding underneath the covers
Oh woah (Underneath the covers)
It's gonna be another very hot summer with you

Feel it in the air now

When you're throwing back you hair
And look at me that way
Cherry on your lips
Margarita on your kiss
I can almost taste it
Girl, we're on our way

To a VHS
Soon as I saw them palm trees
On your (T-shirt dress)
Yeah, I felt my whole body
Break in (To a sweat) (A sweat)
Like S.O.S. (O.S.)

Hands on fire when I hold you
I can guarantee it's gonna be
A VHS
Soon as I saw them palm trees
On your t-shirt dress
Yeah, I felt my whole body
Break into a sweat
I'm like "S.O.S."

Hands on fire when I hold you
I can guarantee it's gonna be
A very hot summer
Living all over each other
Like we do
Holding underneath the covers
Oh woah
It's gonna be another very hot summer with you
