One of Those Days

Thompson Square

No cash in my pocket
No clothes in my closet
Can’t get my hair to do a dang thing
The damn dogs barkin'
The car ain’t startin'
Why’s it always raining on my parade

Its one of those days
One of those days
One of those days
When nothing goes right
One of those days
One of those days
One of those days
When your hatin’ life
Its one of those days

He said don’t worry about the dishes
I’m going to take you fishin’
Kissin’ all night down on the creek bank
A little skinny dippin’
Some moonshine sippin’
Come on baby tell me now what do you think

its one of those days
One of those days
One of those days
When everything’s right
One of those days
One of those days
One of those days
When your lovin’ life
Its one of those days

Now we’re hopping in the truck
The radio cranked up
We can’t get there fast enough
Cause its one of those days
One of those Days
One of those days

Its one of those days
One of those days
One of those days
When everything’s right
One of those days
One of those days
One of those days
When your lovin’ life
Its one of those days

Yeah it’s one of those days
