

En-Route (Interlude)

Thomston

Baby when it feels
Oh baby when it feels
Oh baby when it feels mmmmm
Baby when it feels like the world has it out for me
Feels like the world out for me
Oh baby when it feels like the world has it out for me
Feels like the world out for me
Oh baby when it feels like the world has it out for me
You're my little piece of Los Angeles
Oh you're my little piece of Los Angeles

Yeah
Yeah
