

# Headspace

Thomston

Far gone  
You'd be better off if I was far gone  
Running back to waste another chance on  
Another pair of arms that'll carry you down

I only speak but never act  
I give you all, then take it back  
Everything you never asked for  
Palm clenched tight  
And I've tried my best to no avail  
This coffin needs another nail  
You're coming back to hear me say it  
One more time cause I've

I've got you where I want you  
But I don't even want you to stay  
Would you hate me if I sent you away?  
Would you call me if my mind began to change?

Cause I don't trust my headspace  
It never stays in one place for long  
Would you like me if I strung you along?  
Cause you like me when I'm treating you wrong

Snowed in  
Years of it have built up  
And you're snowed in  
There's nothing about you that deserves it  
The rope that you have woven seems to pull the wrong crowd

I only speak but never act  
I give you all, then take it back  
Everything you never asked for  
Palm clenched tight  
And I've tried my best to no avail  
This coffin needs another nail  
You're coming back to hear me say it  
One more time cause I've

I've got you where I want you  
But I don't even want you to stay  
Would you hate me if I sent you away?  
Would you call me if my mind began to change?

Cause I don't trust my headspace  
It never stays in one place for long  
Would you like me if I strung you along?  
Cause you like me when I'm treating you wrong

(I've got you where I want you  
But I don't even want you to stay  
Would you hate me if I sent you away?  
Would you call me if my mind begin to change?)

Cause I don't trust my headspace  
It never stays in one place for long  
Would you like me if I strung you along?

Cause you like me when I'm treating you wrong

Would you like me if I strung you along?

Cause you like me when I'm treating you wrong
