

Casanova

Thornhill

One second and I try to replay
Two seconds ain't enough 'cause you're my prey
Well I saw you there
Hands up in the air with your face to the floor

Well baby
I've seen your baby
Oh I know we've been here before
Yeah I know we've been here before
On the dance floor

All night with the dice
Cause I refuse to think twice
You're mine
It was your knife in a lie
But I refuse till it's time
Well it's time to die

Save me tonight
Pity drinks the spite
Open wide
Tell me where you've been so I can hide
Your gun
In my hands

Cause it's you and me
Promiscuous
Keep your eyes on me

All night with the dice
Cause I refuse to think twice
You're mine
It was your knife in a lie
But I refuse till it's time
Well it's time to die

You know that I don't want to see you burn
Cause I don't want to see you burn
