

So slow  
Moving parts  
Slow needle

So slow  
Moving parts  
Slow needle

I'll sit and wait  
No. I won't let those darts  
Into your heart, numb it  
I'll sit in place  
No. I won't let your stars  
Dime less than I want it

What are you high on now?  
Silver revolver over my shoulder  
You damn mysterious girl got me acting a fool  
Silver revolver wanna get closer?  
Mysterious girl

I don't want nobody else  
You flew across all my defenses  
I'll never be that me again  
A promise let's all play pretend

Play pretend

I don't want nobody else  
Oh how could I forget you?  
You got me running wild  
Are we running out?

What are you high on now?  
Silver revolver over my shoulder  
You damn mysterious girl got me acting a fool  
Got me acting a fool  
Silver revolver wanna get closer?  
I wanna get closer  
Mysterious girl

Crush, crush  
Crush, crush
