

I want you, yeah, voyeur of a lonely room  
I want you to figure out what you want me to do  
I want everything you've got in bloom  
I want everyone here to think it's your perfume  
I want you, yeah, cure in a room for two  
I want everything that's in my view  
I want you, yeah, nobody will think it's true  
I want to see what you'll do when I come over the night

She said no 'cause I don't want you to stay  
With your hands in my bag  
'Cause even in the spotlight  
I won't be there for you

Whatcha want me to do now?  
Whatcha want me to do on the floor?  
I can't see to take a bow  
Whatcha want me to do now?  
Whatcha want me to do with your core?

I want you, yeah, voyeur of a lonely room  
I want you to figure out what you want me to do  
I want everything you've got in bloom  
I want everyone here to think it's your perfume  
I want you, yeah, cure in a room for two  
I want everything that's in my view  
I want you, yeah, nobody will think it's true  
I want to see what you'll do when I come over the night she said

In a hole  
In a whole  
In a hole  
I can't get over you  
In a hole  
In a whole  
In a hole  
I can't get over you

No, well I'm not fucking around  
Keep your hands off the bag  
With the gun, bang  
'Cause even in this spotlight  
I won't be there for you

Whatcha want me to do now?  
Whatcha want me to do on the floor?  
I can't see to take a bow  
Whatcha want me to do now  
Whatcha want me to do when you're raw  
Underneath I disavow  
I can't breathe tonight now

I want you, I want you to take me out
