

Behind These Walls

Those Damn Crows

Truth is, I'm tired of all this
I'm raising my fists
These wounds have started to heal
'Cause I've been so tired of trying
Now rectifying
My purpose I wanna be free
'Cause I know I've...

Been chained to this rollercoaster
Bound by these walls you made
Want off this ride, it's time to live again
Be what I'm supposed to
Say how I truly feel
I'm taking back control of me again
No longer gonna live my life
Behind these walls

Trapped in as I was back when
I should've known then
That nothing was what it seemed
You were the cause I lived for
Your curse is no more
I want back what you've taken from me
'Cause I know I've...

Been chained to this rollercoaster
Bound by these walls you made
Want off this ride, it's time to live again
Be what I'm supposed to
Say how I truly feel
I'm taking back control of me again

(No longer gonna live my life
Behind these walls)

Chained to this rollercoaster
Bound by these walls you made
Want off this ride, it's time to live again

Can't you hear me cry!
Be what I'm supposed to
Say how I truly feel
I'm taking back control of me again
Chained to this rollercoaster
Bound by these walls you made
Want off this ride, it's time to live again
Behind these walls...
