

Send The Reaper

Those Damn Crows

Hands up, I'm a sinner by trade
No excuses for the troubles I made
Some say I'm a little over the top
I bring chaos but I know what I'm not

No one can save you

Can't stop, send the reaper
Won't stop getting weaker
Try and break the chain, bury all the pain
Can't stop, send the reaper
Can't stop digging deeper
Won't stop the soul keeper
Borrow, beg and steal, can't we make a deal?
Can't stop, send the reaper

I'm a risk and don't I know it
To myself and everyone around
The lost can't be found at all

You'll be sorry
You won't see me cry
No more to be said
Just swallows me whole

Can't stop, send the reaper
Won't stop getting weaker
Try and break the chain, bury all the pain
Can't stop, send the reaper
Can't stop digging deeper
Won't stop the soul keeper
Borrow, beg and steal, can't we make a deal?
Can't stop, send the reaper

Can you hear me?
Can you hear me?

Can't stop, send the reaper
Won't stop getting weaker
Try and break the chain, bury all the pain
Can't stop, send the reaper
Can't stop digging deeper
Won't stop the soul keeper
Borrow, beg and steal, can't we make a deal?
Can't stop, send the reaper
