

Set In Stone

Those Damn Crows

Don't waste your time and breath on me
All darkest secrets leave a trail
No retreat to run away
Cast no shadow, do I get a say?
What's done is done, but you can't change your past

I need no one, damage done
Burn it to the ground, burn it to the ground
Burn it to the ground, sick of your rejection
I stand alone, set in stone
Burn it to the ground, burn it to the ground
Burn it to the ground, choose my own direction

Takes its time for the dust to settle
Can't stand yourself, a heart as metal
Cut to feel but feel so numb
Scream in silence, not the only one
Shape your fate, but you can't change your past

I need no one, damage done
Burn it to the ground, burn it to the ground
Burn it to the ground, sick of your rejection
I stand alone, set in stone
Burn it to the ground, burn it to the ground
Burn it to the ground, choose my own direction

(Past now is set in stone)
(Past now is set in stone)
I've been waiting, suffocating

I need no one, damage done
(Burn it to the ground, burn it to the ground)
(Burn it to the ground, burn it to the ground)
I stand alone, set in stone
(Burn it to the ground, burn it to the ground)
(Burn it to the ground, burn it to the ground)

I need no one, damage done
Burn it to the ground, burn it to the ground
Burn it to the ground, sick of your rejection
I stand alone, set in stone
Burn it to the ground, burn it to the ground
Burn it to the ground, choose my own direction

Burn it to the ground, burn it to the ground (burn it to the ground)
Burn it to the ground, burn it to the ground (burn it to the ground)
Burn it to the ground, burn it to the ground (burn it to the ground)
Burn it to the ground, burn it to the ground

(Burn it to the ground, burn it to the ground)
(Burn it to the ground, burn it to the ground)
(Burn it to the ground, burn it to the ground)
