

## Family Graveyard

### Those Poor Bastards

I'm gonna raise my daddy from the dead  
just like that old fella Lazarus  
I'm gonna drive to the country in my Cadillac  
to the lonesome family graveyard

'Cause I got a quart of whiskey  
and I got a quart of blood  
and those are the ingredients of resurrection

I'm gonna raise my mama from the dead  
just like that old fella Lazarus  
I'm gonna steal new shoes and slick my hair  
make her real proud of me

'Cause I got a quart of whiskey  
and I got a quart of blood  
and those are the ingredients of resurrection

I'm gonna raise this whole fuckin' town from dead  
like ol' Lazarus  
yes, like ol' Lazarus  
I said a-hallelujah
