

Farewell Happy Fields

Those Poor Bastards

Farewell Happy Fields
Hello evening train
So long Anna brown
No more sleeping late
Let's talk this over
Let's talk this over

Bye friends I'm on your side
Separate the soul in mine
Disintegrate those lasting ties
then I'll be yours and you'll be mine
Let's talk this over
Let's talk this over

Don't mention suicide
There's better ways to waste your time
Window's shot, the air is thin
If it happens once, It'll happen again
Let's talk this over
Let's talk this over
