

Just Tonight

Those Poor Bastards

Everything's too noisy
Everything's too fast
Come on doll let's travel
Back to the past
Let's go live in black and white
I don't mean forever, just tonight

You put on that ball gown
I'll put on some shoes
When we're living fancy
Oh, we cannot lose
Let's go live in black and white
I don't mean forever, just tonight

Now pretend it's Sunday

And it's summertime
Put them bloody lips dear
Right on top of mine
Let's go live in black and white
I don't mean forever, just tonight

There'll be total silence
We won't speak in words
It will be so peaceful
Eerie and absurd
Let's go live in black and white
I don't mean forever, just tonight
