

The Only Time

Those Poor Bastards

The only time I have any fun anymore's when I'm drunk
But I just can't drink no more or I'll die

The only time I have any fun anymore's when I'm stoned
But I can't get stoned no more or I'll die

And I don't want to die tonight
No I don't want to die tonight

The only time I have any fun anymore's when I'm cheatin'
But I don't want to cheat no more or I'll die

The only time I have any fun anymore's when I'm hurtin'
But I just can't hurt no more or I'll die

And I don't want to die tonight
No I don't want to die tonight

Loneliness will drive a man crazy
Ain't I proof of that?

The only time I have any fun anymore's when I'm prayin'
But I just can't pray no more it doesn't work

The only time I have any fun anymore's if I'm stealin'
But I just can't steal no more or I'll die

And I don't want to die tonight
No I don't want to die tonight

Loneliness will drive a man crazy
Ain't I proof of that?

The only time I have any fun anymore (crazy) (crazy)
