

You Belong To Me

Those Poor Bastards

You'll never walk alone again
You'll never have no other friend
You'll never need to leave again
Cause you belong to me
You gave me your tired hand
And I put on a wedding band
There's no going back again
Now you belong to me

You're mine
You're mine
And you'll stay that way
'Til the end of time

If I'm near, if I'm far
Keep the lock on the front door
Remember who you're living for
Cause you belong to me
And if I should die before you dear
Don't you think you're free or clear
I will be forever near
'Cause you belong to me

You're mine
You're mine
And you'll stay that way
'Til the end of time
