

Infernarium

Thou Art Lord

The wondrous visions of Hell
Vast decaying deserts
Where Kings of Cruelty
Oppress the lands of Neverhope

Envenom me
With the joys of Hell
Transgress my being
By the laws of Skotos

Vengeful ghost of the damned
Scourging the marble Halls of Sin
As Babylonian whores
Copulating with the Beast

Souls bleed eternally
Tied on the Altars of Scorn
Infecting the wounds of the dead
With the cyanide of Lethe

Screaming walls of human flesh
Torn apart by iron claws
As disfigured midget nuns
Drink the semen of Armaros
