

Behind the Mask Another Mask

Thou

Take my throne in the reserved place
The station of shame, the object of hate
Choking secrets down, swallowing all the sound
Choking secrets down, swallowing till I drown

Oh soundless sound
(Oh voiceless one)
Oh soundless sound
(Oh voiceless one)
Oh soundless sound
(Oh voiceless one)
Oh soundless sound
(Oh voiceless one)
Oh soundless sound
(Oh voiceless one)
Oh soundless sound
(Oh voiceless one)

The shadow of names lies hidden
In every word I've ever spoken

Choking secrets down, swallowing all the sound
Choking secrets down, swallowing till I drown
