

## Next Time Around

Thousand Below

Oh there's something you should know  
I've been dying for a while now  
Feel it in my soul  
Can you see the way I'm breaking down

So if this is the last time pull me in closer  
Cause existence is toxic and I'd rather be sober  
There's a war in my head, there's a war in my broken mind

You made the prison but you won't believe  
That you're the reason for my vacancy  
They say that maybe I can fix in time  
But instead of sleep I lie awake

So don't be sad if I'm gone the next time around  
Because I traded the pain for your love, it's my favorite sound  
So don't be sad if I'm gone the next time around  
Because I traded the pain for your love, it's my favorite sound

We just have to breathe in all the way  
We just have to breathe in, we'll find our way  
But you keep turning away, though I told you I'd stay for now  
But you keep pulling and pushing and bending and breaking  
I can't let today go

So don't be sad if I'm gone the next time around  
Because I traded the pain for your love, it's my favorite sound  
So don't be sad if I'm gone the next time around  
Because I traded the pain for your love, it's my favorite sound
