

# Wish You Well

Thousand Foot Krutch

Sometimes love, feels like pain  
And sometimes I wonder if it's all the same  
Sometimes life, feels just like rain  
Cause you never know, when it's gonna  
Fall down on you

I wish you well, I wish you well  
On this trip to find yourself  
I wish you well, wish I could help  
But I can't help you find yourself

Sometimes faith, feels like doubt  
And sometimes I wonder if we'll even get out  
Sometimes life hurts just like now  
But ya gotta know, it's all gonna Come back around

I wish you well, I wish you well  
On this trip to find yourself  
I wish you well, wish I could help  
But I can't help you find yourself

Find yourself  
I can't help you find yourself  
Find yourself...

And we were sixteen at the time  
Nothing could ever change our minds  
We were one step below invincible  
And we always fought it  
You've never been the same  
You were so scared to make a name  
Then you threw it all away  
And I wish you'd come back now

I wish you well, I wish you well  
On this trip to find yourself  
I wish you well, wish I could help  
But I can't help you find yourself

I wish you well, I wish you well  
On this trip to find yourself  
I wish you well, wish I could help  
But I can't help you find you

I wish you well, I wish you well  
On this trip to find yourself  
I wish you well, wish I could help  
But I can't help you find yourself

Find yourself  
I can't help you find yourself  
Find yourself  
I can't help you find yourself...
