

2 Moons

ThouxanBanFauni

Always on my own blowing strong in my fucking zone
Bad bitch that I treat right, but all I know is wrong
Threw them 26s on the wheels Ice Road Truckers
Shawty a milf I guess that makes me a motherfucker
All the good girls taken boy don't get yo bitch taken
Cinematic movie life I ain't motherfucking faking
Driving drunk as fuck with no license and I'm on probation
Went on vacation with a bad bitch in my penthouse is Haitian
My new girl is rude as fuck, but she polite to my mother
She use birth control, but still make me use a rubber
Got a side piece, and I know she thinks that I'm her lover
Niggas want narcotics, and they look like narcs undercover
I'm cool with being underground but I need mainstream bands
And I ain't greedy for no million I'm Thouxanbans
Capxules, in high school I used Molly and Xans
Sold that shit in the jail cell the booth contraband
Got a band for myself we thought we was rich fam
Bitch I need a fucking ounce I'm not satisfied with a gram
And yo bitch wet as fuck in her squirting pants
I'm gon' make it rain and she do the rain dance
