Bitch if I go broke it ain't for long, I'mma fix up
Most you niggas licks, the other half a bunch of cappin' suckas
And my brother punch ya, I say, "Get him," then you duck for cover

It go like, uh, wait, it go like, bang
Hold up, bang, it go like
It go like, bang, it go like
It go like, go like, it go like

I ain't ever goin out sad, can't be that motherfucker
Gunnin' with my niggas in the whip, but ain't no goofy niggas
Hatin' on a nigga in a Hellcat, boy you a goofy nigga
Really don't look it, but he will pop you, boom double triggers
He was in a jam, quick draw straight, grave grave digger
To me everybody just bodying, and that's the sad shit
I be gettin' in bitches bodies on some hack shit
Most these hoes got baggage, 'cause these bitches be too damaged
Not too good at understanding, but I'm from a different planet

Yeah, yeah, think you a shooter, bold shooter
Hit 'em with, yeah, hit these pussies with cannons
Real life, yeah, you don't want too much love
Damn I wish I could take you back, I wish I could take you back

Bitch I go above, treat these niggas like welcome mats
All this fuckin gossip in my ear, I be hatin' that
Way too pussy, it ain't no , I can't relate to that
Niggas be thrown shade on my name, I be shakin' cats
Better name drop the whole gang, then Whac-A-Mole the rats
Switch up on me, I keep my cool but ain't no comin' back
Ain't even out in London, I ripped you off your buddy Jack
I turned 26 to 34 and took yo' partner pack

34, and of course I-
34, what the fuck, niggas, I just killed y'all
Ahhhh, this a lil' teaser for y'all man
