ThouxanBanFauni

Bitch tryna get me confused, haters they want me to lose  
Might just pull up in the Rari, have bitches bitin' my jewels  
In the city like Bruce Wayne, fighters kickin' like Liu Kang  
Love the smoke, but the crew drank  
Doors suicide on Mulsanne  
Bag your bitches like two frames  
Bag your bitch with' her new friends  
Sixty five for the new chain  
Got me feelin' like Bruce Wayne  
Hold on I'm feelin myself, hey  
She poppin pills for her health, hey  
I got them drugs on the shelf  
I got them M's by myself, hey

Forty bottles, fifty bitches, and forty mil' got this shit poppin'  
We in the spot that shits poppin'

Yeah I made it and I'm back  
Niggas ride for a stack, niggas ride for a pack  
Got a bitch ass fat, fashion show with Chanel on  
Like a bitch with her hair done
