

Can't Rock With Me

ThouxanBanFauni

Thouxanban Capsules, alright
3400
Taliban Shit

Think you should watch for me
She hold that Glock for me
I feel like Socrates
Put me in novelty
Keep me a pocket piece
No you can't rock with me
Slide to the spot with me
Thirty-round shot on me
In case you wan' plot on me
If you try to fire on me
No you can't rock with me
No you can't rock with me
No you can't rock with me
No you can't rock with me
No you can't rock with me
No you can't rock with me
Niggas wan' lie on me
Try to get fly like me
Can't even glide with me
Won't ever slide on me
I'm hopin' you slide on me
My niggas is bored, got nothin' to do, they all gonna ride for me
Most likely fuck this hoe if she talkin' down on me
I might've fucked a bitch
If she talkin' down on me
Might've finessed the bitch
If she talkin' down on me
Nine times outta ten I done jugged your whole team
Shawty in my bed started from a magazine
No hoes won't come between
No dope won't come between
Only thing between your eyes is that fuckin' beam
Just start Smith and Wesson, G-Star jeans
No you can't fuck with me
These niggas can't fuck with me
No you can't fuck with me
These niggas can't fuck with me
Can't none of y'all fuck with me
Ain't nobody fuckin' with me
No you can't rock with me
No you can't rock with me
No you can't rock with me
No you can't rock with me
No you can't rock with me
No you can't rock with me

No you can't rock with me
No you can't rock with me
No you can't rock with me
No you can't rock with me
Keepin' that Glock on me
Thirty-round shot on me
