

# Chu Chu

ThouxanBanFauni

(Indigo)  
(Okay Embasin)  
Ooh...

Real bad temper, real short fuse  
Real bad temper, real short fuse  
Real bad temper, real short fuse  
Real bad temper, real short fuse  
New wrist, new watch, new clock  
Not enough hours in a day  
Brand new K for the opps, new Windex wiper, spray  
all night, nigga don't even see the day  
Niggas don't drop no deposit, ain't pulling up, hell nah, no way  
Really sky, pocket rocket, blast yo ass away  
Hitting that bitch from the back, get up in that caboose  
Chu, chu, chu, chu, chu, chu, chu, chu, chu  
Run a train on ya bitch  
Chu, chu, chu, chu, chu, chu  
Run a train on ya bitch  
Chu, chu, chu, chu, chu, chu  
Coach of the year, Fauni trained it  
Pulling up with pride, Range Rover  
Kill a with a rope, leave him hung over  
Playing both sides, game over  
Imma leave em slumped, on my grandmama  
We had too many options, we was coming up  
Niggas want static and problems, boy I ain't the one  
I can't help my niggas tryna rob some  
Can't control my boys, they just might stick you up  
She sucked me in the coupe, she sucked me in the truck  
She told me not to do it, stuffed her up with nut  
Stains all on the shirt, nigga I took the club  
Friendly ass bitch, she too quick to trust  
I'm gon throw the cash, I'm gon throw some racks  
You gon throw that ass, you gon throw it back  
You gon throw that ass, you gon throw it back  
You gon throw that ass, you gon throw it back  
Imma throw some bands, Imma spend some racks  
Imma throw some bands, Imma spend some racks  
Imma throw some guap, Imma throw some cash  
You gon throw it back, you gon throw it back  
If you won't fuck it up, nothing less than that  
Dries Van Noten, new drip part of my clothes  
She been choosing, I ain't even hit before  
Real big dog, Fauni never been no hoe  
My wrist holographic, we seen this before  
Coach of the year, train em like all aboard  
Coach of the year, train em like all aboard  
Coach of the year, train em like all aboard  
Chu, chu, chu, chu, chu, chu  
Chu, chu, chu, chu, chu, chu...
