

(Trixx)

Niggas want smoke 'til they get defeated tryna engage in it
Bitches tryna be seductive out here tryna persuade with it
Fuck a MILF, fuck a cougar hoe, fuck the age difference
Burning holy smokes like a nigga smoking sage with it
And I run this shit like I brought a fucking maze with it
Yellow bitch rocking new like she brought the beige with it
AK-47, God of War, brought the rage with it
Switch hoes like a phase hit me, bullets wounds cause it graze with me

I done told the ho don't touch me but wipe me down
You know that I got the drip on 'em, make 'em drown
Every time I had to hit this ho, I'm in town
I can't hit the ho if a nigga not in town

I got bitches, I got police tryna cuff on me
Ain't no NFL, but please don't try to rush on me
Yeah, I did what I did, it wasn't no luck on me
I see geese tryna swim but they gon' duck on me
See the loose lips, I know they gon' quack
Turn around and stabbin' my back
I cannot trust as far as I can see it
I can see the hate, I know they wanna be us
All of the hate but I know that your diamonds, they fake
I had the way, knew it was gon' take some time so I'm working like every day, oh

I work out on heavy, baby, I can't ever fold
All of these bitches wanna be cool with me like my woe
I don't never switch up on my boys, up on my bros
Shawty, she wanna be with me, see my money get old
All my niggas gon' stick with me 'cause we got 45s
Stupid-ass niggas brought knives, we done brought our 9s
Scandalous lil' bitch and you know she gon' connive
Trust-fall off a building like a nose dive
I know how it feels to be left out, I don't wanna be that guy
Stroke her from the back, I'ma get this bitch wet like Poseidon
Feeling like the point, feeling like I'm right beside
Give her the hammer like I'm Thor, between her thunder thighs

Niggas want smoke 'til they get defeated tryna engage in it
Bitches tryna be seductive out here tryna persuade with it
Fuck a MILF, fuck a cougar ho, fuck the age difference
Burning holy smokes like a nigga smoking sage with it
And I run this shit like I brought a fucking maze with it
Yellow bitch rocking new like she brought the beige with it
AK-47, God of War, brought the rage with it
Switch hoes like a phase hit me, bullets graze with me
