

Heavy Pockets

ThouxanBanFauni

I got heavy pockets, I got heavy pockets
Can't even keep a wallet, my wrist say fuck a faucet
Holdin' NASA rockets, ain't even gotta cock it
I got heavy pockets, don't get out of pocket
Thirty with' a dotty, your dalmatians get spotted
Shoot it, then you toss it, I'm booted til' exhausted
I got heavy pockets, don't get out of pocket
I got heavy pockets, don't get out of pocket
I got heavy pockets, don't get out of pocket
I got heavy pockets, don't get out of pocket

Shoot fours up like we golfin'
A dandelion like some pollen
If you owe me guap, then quit with all the stallin'
You can call it, pull up to your shit and u-haul it
I got this chopper from a lick, nah, I ain't even bought it
Went through all your shit, you niggas ain't even ballin'
Oh this your hoe she text me dinner show I know she saw me

I got heavy pockets, I got heavy pockets
Can't even keep a wallet, my wrist say fuck a faucet
Holdin' NASA rockets, ain't even gotta cock it
I got heavy pockets, don't get out of pocket
Thirty with' a dotty, your dalmatians get spotted
Shoot it, then you toss it, I'm booted til' exhausted
I got heavy pockets, don't get out of pocket
I got heavy pockets, don't get out of pocket
I got heavy pockets, don't get out of pocket
I got heavy pockets, don't get out of pocket

She gon' show me powers, she gon' show me not
You a freak ho, can't even camouflage it
In that Dodge Charger, that karma I'ma dodge it
Whole team ballin', ain't no ball hoggin'
Keep that new wave shit you niggas fuckin' got it
My black Glock cry bullets like it's fuckin' gothic
Boy don't get forgotten, boy don't get forgotten
That bih came up to the spot she gon' show me logic
I could show you love, can't gas you up and be too modest
Ayy, you is such a good girl you is such a goddess
I done turned that bitch into a fuckin' thottie
That's just what happen in life these hoes be thotties
Fuck a naughty unless my pockets stuffed with knottys
Fuck a naughty unless my pockets stuffed with knots

I got heavy pockets, I got heavy pockets
Can't even keep a wallet, my wrist say fuck a faucet
Holdin' NASA rockets, ain't even gotta cock it
I got heavy pockets, don't get out of pocket
Thirty with' a dotty, your dalmatians get spotted
Shoot it, then you toss it, I'm booted til' exhausted
I got heavy pockets, don't get out of pocket
I got heavy pockets, don't get out of pocket
I got heavy pockets, don't get out of pocket
