'Rari, Lauren, Ralph, 'Rari, shit all these fuckin' horses, I got dumb horse power, ya feel me?

I ride in a tint of a passenger  
I'm so awesome, yeah, I'm fucking radical  
You the middleman, you the messenger  
I smash and I go, you caressing her  
If some money go missin' I'm stressin' her  
If I go ghost I'm depressin' her  
Told her strip and you fuck niggas blessin' her  
Hold my strap, yeah, I really be testin' her  
You guilty 'cause you is acquainted  
You a stain and my steel is so stainless  
And my crew is a one to the dangerous  
Pillow talkin', you wanna be famous  
All that snitchin', you wanna be brainless  
Quit the Xans but I miss bein' painless  
On that fuck shit, you better restrain it  
Shit can get serious, no playin'  
Keep my main out the spot she maintainin'  
Paint a nigga, yeah, reframe him  
Fell asleep on a ho if she playin'  
On that plain shit, fuck a basic  
That lavender hold my oasis  
Good pussy is like an oasis  
Got dope, yeah, like it's '86  
She had dips on my tip, I ain't even tip  
Trust me, I am more than equipped  
You enslaved to the pussy, you whipped  
I pull up, I get top, then I dip  
Get my soldiers some giftshop at Fifths  
Treat my life with the bands with the chips  
Sent some champagne, took a sip  
Got a fetish for them french lips  
Damn I got a fetish for them french lips

Need a Audi, need a fuckin 'Rari  
No regrets, a nigga never sorry  
I ain't never fuck with nobody  
These niggas look like everybody  
Try to kick my door, I'm catchin' bodies  
She a superstar at Follies  
Karma came in and then try to rob me
