ThouxanBanFauni

(Wheezy outta here)

Fauni got real smoke, still be kicking shit outside  
T.T.B. gon' scope it out, everything on sight  
Lil' mama 'bout her business, 'bout her paper, she cool to slide  
We got wands, we got weapons, baby you gon' have to drive  
You gon' fuck up a good thing holding onto your pride  
I get a chopper for a pistol, just need a bag to hide it  
Bought my bitch a wig, she gon' set you up and disguise  
Truth hurts, she overreact, I'm in a rush, so I lie

I be honest, if it didn't cost me money or my time  
I be honest, if it didn't cost me money or my time  
Big dick energy firepower, Calvin Klein  
All black wardrobe, you still see me if you're blind  
Wallahi, niggas break soon as they hear the time  
Wallahi, niggas police, really pigs, really swine  
Wallahi, niggas come from Muslim tip until they slime  
Got a knife up in your back and you knew that nigga slide  
I know all types of people, I got plenty different bitches  
Pussy niggas who get money, broke niggas who always wing it  
Real ones closest to me, gutter hoes protect my business  
All I'm saying, the type of people you come across damn near endless

Fauni got real smoke, still be kicking shit outside  
T.T.B. gon' scope it out, everything on sight  
Lil' mama 'bout her business, 'bout her paper, she cool to slide  
We got wands, we got weapons, baby you gon' have to drive
