ThouxanBanFauni

Make me go load up this beam
Make me go load up this beam
Make me go load up this beam
Make me go load up this beam
Make me go load up this beam

Ooh, solid, I'm solid, I'm solid, yeah
We wildin', we just out of pocket
I shoot at your brain, not your knowledge
SRT, just got it polished
Scammin' the scholars in college, uh
Elon Musk stay in my pocket, uh
Keep me a pocket rocket, yeah
Hollow tips and they gon' launch 'em

Home Depot, shoppin' for shovels
Chillin' with God and the devil
Came from the trenches, the ghetto, uh
I keep that 30, that metal, uh
She know she rockin' with me, uh
I know she slidin' with me, uh
Hot Pocket pocket with me, ooh
Make me go launch off this beam
Colossal titan on this beam
Colossal titan on the AK
How I be loadin' up steam
Clip gonna let off some steam
She bad and she fine like a dream
She gon' look in my eyes like a dream
Like a glimpse or illusion, a dream
And I know that life not what it seems

Ooh, solid, I'm solid, I'm solid, yeah
We wildin', we just out of pocket
I shoot at your brain, not your knowledge
SRT, just got it polished
Scammin' the scholars in college, uh
Elon Musk stay in my pocket, uh
Keep me a pocket rocket, yeah
Hollow tips and they gon' launch 'em

This shit is so undecided, uh
Put my right hand on the bible, uh
Left hand is on the Quran, yeah
But we don't need no false idols

'Cause when they come to my bedroom, she gon' take off that nightie, ooh

Ooh, solid, I'm solid, I'm solid, yeah
We wildin', we just out of pocket
I shoot at your brain, not your knowledge
SRT, just got it polished
Scammin' the scholars in college, uh
Elon Musk stay in my pocket, uh
Keep me a pocket rocket, yeah
Hollow tips and they gon' launch 'em

She rockin' and wearin' that nada
