Off that straight drop, but I don't need drugs to keep it real  
with you  
You ain't talkin' money, then farewell and too-da-loo  
You know how I rock, ridin' with that dirty in the coupe  
Muddy in the cup, plus I brought my 32  
Hop up out my car you see me, yeah, but whatchu gon' do  
Shorty said he cold, but he froze like igloo  
In that autobot goin' vroom vroom zoom zoom  
Circlin' the block, cause I'm itchin' for a move  
Dirty Glock cocked, snuck in with my 38 too  
Bottom of the pool, I just had to play it smooth  
I'm gon' get it poppin', come on baby, you know how I do  
No it ain't no army by me, girl that's just my crew  
Who the fuck gon' stop me? Takin' off, don't need no parachute  
Red bull in my Robin's, so you know a nigga flew  
Okay! Rodger! Copy! Roadrunnin' if you ain't get a clue  
Blue faces got these hoes poppin' out the blue  
Shawty gettin' sloppy, yeah she in here downin' all the goop  
Givin' bitches shots, the only way they tell the truth  
You foldin' and you floppin' deuce, cause buddy I can't fuck wi  
th you  
Tryna get me caught up, them crackas put me on the news  
Boy you outta pocket, lucky I ain't run up in them too  
Countin' up them loots, back to back, like I'm in a loop  
Diamonds out the faucet, VVS look like a swimming pool  
Anyone can do it, you just need the proper tool  
Bitch ain't got no logic, don't hit my phone for the scoop  
Hoe I'm on a mission, so hell nah I can't scoop  
I was out in Charlotte, yeah we be juggin' out there too  
Then I hit Jersey, man free my nigga Scoot  
High speed chase, free the big homie Prunto too  
Twelve came, they don' confiscated most it too  
I been up for days, I done seen the sun and the moon  
Not for nothin', cause I also seen all the loot
