And steppin' on you niggas

And steppin' on you niggas

I don't need a pole to take a nigga soul
I treat these niggas just like some gum, bottom of my sole
And she know how I go, and I been down that road
But niggas came up and now these bitches try to fold
You know I'm never gon' be on pause, I never hold
I always gotta speak my mind, that's just how I roll
If you don't like it, don't get in that SRT
'Cause baby, once I turn it on, ooh, car key, vroom
Red with it, on hot, know I'm hot, know I'm high
Bigfoot yo ass, I ain't no yeti
, they tryna take us out, forgetting it's
Concrete, that's where we gon' leave 'em, call the medic
Balenciagas got his blood on it, I feel like Melly
Just got my Glock in here, but it's hot in here, I feel like Nelly
My opps ain't shit, I'm pissin' on them bitches like R Kelly

Your hoe a goofy, she just sucked my whole gang up, you live with a thot
Walk it out in my AF Ones, I feel like DJ Unk
Had the dot on his ass, he ain't had no time to reach for the gun
Niggas want ties, niggas want draws, I up that score by one
We can't take no L, bitch we already won
They call me Thouxan in the streets, my pockets weigh a ton
They call me Fauni in that field, I'm goated with that gun
