

Lifelore Revelation

Thrawsunblat

Digital contemplation
Defames natural adoration,
Denies mythical admiration.
This is the song of our time.

Analytical observation
Defames mythical incarnation,
Denies mytho-human integration.
This is the song of our time.

But we have seen the earth figure.
In the shapes of our very thoughts.
Searing proof- the analytic has its bounds.

Lifelore revelation:
Myth is the song of the Earth!
Earthwide exultation:
Death is the song of rebirth!
Lifelong wheels of death and rebirth.
So many times shall I die on this earth!

Existential elevation
Is as a cyclical renovation.
Life's a series of ritual deaths.
Life's a series of ritual rebirths.

Cycles cascading cycles
Cascading lives
Cascading back,
To time unknown.
So we know.

We wear the masks
Worn a thousand times before
We are the myths
Born a thousand times of lore.

Birth initiation.
Earthlore captivation.
Archetype manifestation.
Another lifewheel rotation.

To live, first you must die.
To die, first you must wander.
Wander the road of a thousand trials.
Destroy the self; rebuilt it anew.
