

# I'd Rather

Three 6 Mafia

I said I love havin' sex  
But I'd rather get some head, but I'd rather get some head, but I'd rather get some head

Hypnotized Minds  
Three 6 Mafia, and  
Ya boy DJ Montay  
And this another oomp camp production

I said I'd rather get some head

Ridin' down the street man I'm in my big car  
I scoped a lil' sexy, lil' mixed broad  
She made my dick stand like kareem abdul jabar

I hit the brakes so hard man I droped my cigar  
Pussy pretty fat like cash in a wallet  
I'm lookin like damn baby girl don't stop  
I'm a take u to my crib girl and screw u like afraud

Or maybe get some head while I'm ridin' in the car  
Either way it go man a nigga gotta bust somethin'  
Start with my dollar a nigga got dust somethin' high as the moon  
I'm a goon like plies  
Spray like big oomp spray it dead in a eyes in ya eyes

I said I'd rather get some head  
I'm the one who supply that d  
I'm the that keep frist with me  
I'm the one that be ridin' clean  
That be on the scene with that Texas tea

I'm the dude that took yo girl  
I'm the fool that changed her world I  
I'm the man with the 12 inches she love to lick  
and it make her hurl

Always fresh when I'm at the club  
Sippin' goose or playin' keep a buzz from the hood  
So I throw it up the other side  
Don't mess with us

I love a girl that do it right  
Make my toes like curly fries  
In the bathroom or in the car  
Or behind the bar she dynamite

Give me head:  
In the dormroom make me ass out make me dead

Give me head:  
Wake me up then put me back to sleep I ain't scared

I said I'd rather get some head  
Hold on hold on hoe let me stop  
Let me borrow yo lips, that's what I told her girl  
Got that Aquafina with a good head on her shoulders

She whispered boy I'm hungry so I told her she could come  
And I didn't feed her nothin' but some dick and bubble gum

She want more I give her some  
I keep them magnums  
I'm strapped and if she tired lay down just place yo head in my lap  
Ay big oomp records on the map we keep that mouth wide open

I clearance card that throat from the east to west  
I'm strokin' comin' down to the  
I'm pokin' everytime it's a hit  
It get greater two choices that she gotta make

She can chew me now or later  
I'm bout that paper but see  
I love havin' sex and the more paper  
I know that head is the best yea  
I said I'd rather get some head
