I'm ridin tall on 24's, spittin game out to the hoes
With my windows tinted black, make you think you saw a ghost
My home painted white on white, inside leather white on white
Chiefin, drankin up all night, ballin out yeah that's the life
Ladies wanna ROLL with me, blow a bag of 'DRO with me
Party to the crack of dawn, when I'm down in YO' city
I'm all about this pimpin, when it comes to wo-men
Get some head while drive mayne, oh what a feelin~!

Here I am; here I am so fresh, so so clayn
Off in the club, aww shit I see I blew the hoe's brain
Befo' I came, I say I blew a whole thang
Clean as a dollar, off in my black on black Impala
The Don Dada, is what they call me overseas
But over here I should say I'm the king of Memphis, Tennessee
Rap, is a wrap, haters wrapped off in my duct tape
What it take I say I been hard since first mixtape
Face get your G's up, way way up to my level
Higher than the clouds where my daddy restes in heaven
But on another note I'm so stylish I changed the name
I surpassed clean, like a baby, I'm clayn clayn
