Marijuana, chieffin' bl-izz-unts keepin' the Scarecrow way up in the rainbows
Every mornin' sippin' a quart with the key of the weed in the punch bowl
Grab me a couple of sheets of the big banana leafs
Ready to stalk, got the Glizzock and stalk on a nigga, I'm full o' the dark green
Smokin' got me coughin', smokin' the jizzunt real often
Staggerin' like a real drunk motherfucker, I think I'm too high for this wal kin'
My head started spinnin', I'm feelin' real crazy, can't keep the world still
Indo smoke - that shit's no joke, my niggas know that's on the real
Homies know just where it's at, niggas keepin' fat contacts
Stout sacks pounds of that motherfuckin' chicken black
Pour me a glass of the Hennessy yeah, inhale 'til I shed a tear
Get a chair then I begin to soar deep in the atmosphere
Passin' and rollin' grunges like a mad Jamaican
Damn DJ Paul my nig', I'm smoked out, here you take it
Cause I'm full o' that weed, mane let the track thump
Still I end up yellin' to my nigga "Smoke a junt!"

Smoke a junt, smoke a junt, smoke a junt, smoke a junt
[?] papers inhale the vapors and take a hit
Smoke a junt, smoke a junt, smoke a junt, smoke a junt
We smokin' the chicken

Straight jawin' takin hard pulls
We takin' them hard pulls, hard pulls
Smoke a junt, smoke a junt, smoke a junt, smoke a junt
You'll get a wiff when you sniff up in the air
