

On This Flight

Three Days Grace

Well, his arm said you don't fuck with me
And what is left for me
And what will ever be
And I'm sure that you don't know it
But I'm sure that you see
I, I don't love you
I, I, I only love me

Well, in these times
It will be alright
Now I just wanna see
On this flight

Ready or not, yes
Then here I come
You better slow me down
'Cause I'm like a loaded gun

Well, in these times
It will be alright
Now I just wanna see
On this flight

I said I'm falling, behind
Said I'm falling, behind
I said I'm falling, behind
Said I'm falling, behind

Well, in these times
It will be alright
Now that's what I see
Let me shine
Let it be alright
Now that's what I see
On this flight
